We Turn in 5 Days or We Pay the Rent!

Introducing Quick Turns: Make Ready and Porter Solutions by Valet Living

Most communities think they turn vacant apartment homes quickly, but the average is actually 15-25 days. Imagine if you picked up an additional 5 or 10 days of rental income on every turn? That's 2 or 3 percent in revenue growth over a year!

Quick Turns eliminates the headaches of resident turnover by managing the entire make ready process, and all you do is make one phone call. We'll walk the apartment, coordinate the workers, perform quality checks and deliver the keys back in 5 days or less – or we pay the rent for any days we're over. It's that easy, and we're that quick!

Quick Turns can also provide short- and long-term*, background-checked porters as well as bulk hauling, pressure washing and more to help maintain your curb-appeal.

Ready to make the turn?
